### Materials You'll Need:

- Candy (individually wrapped)
- Clear cellophane bags (size will vary depending on the size of your candy)
- Ribbon or twine
- Scissors
- Hole punch (optional)
- Stapler (optional)

- Printer (optional)
- Decorative paper or fabric (optional)

### **Step-by-Step Instructions:**

1. **Gather your materials.** Make sure you have all of the materials you need before you start.
2. **Cut your cellophane bags.** The size of the cellophane bags will depend on the size of your candy. You want to make sure the bags are big enough to fit the candy comfortably, but not too big that the candy moves around inside the bag.
3. **Fill your cellophane bags with candy.** Fill the cellophane bags with your desired candy. You can use a variety of candies, or you can stick to one type of candy. If you are using a variety of candies, try to choose candies that are similar in size so that the bags look uniform.
4. **Close your cellophane bags.** There are two ways to close your cellophane bags: with ribbon or twine, or with a stapler. If you are using ribbon or twine, tie a bow around the top of the bag. If you are using a stapler, staple the top of the bag closed.
5. **Decorate your candy wrapper bags.** This is where you can get creative! You can decorate your candy wrapper bags with any design you like. You can use decorative paper or fabric, stickers, ribbons, or anything else you can think of. If you are using a printer, you can print out your own designs and attach them to the bags.

### **Creative Design Ideas:**

Here are a few creative design ideas for your DIY candy wrapper bags:

- **Use different colors of cellophane bags.** This is a great way to add a pop of color to your candy wrapper bags. You can use different colors of cellophane bags for different types of candy, or you can mix and match colors for a fun and festive look.
- **Add a personal touch.** You can add a personal touch to your candy wrapper bags by adding a name or message to each bag. You can also use stickers or photos to personalize the bags.
- **Use seasonal designs.** If you are making candy wrapper bags for a specific season, you can use seasonal designs to decorate the bags. For example, you could use Christmas-themed designs for candy wrapper bags for a Christmas party, or you could use Halloween-themed designs for candy wrapper bags for a Halloween party.
- **Get creative!** There are endless possibilities when it comes to designing DIY candy wrapper bags. So get creative and have fun with it!

### **Insider Tips:**

Here are a few insider tips for making DIY candy wrapper bags:

- **Use high-quality cellophane bags.** High-quality cellophane bags will be less likely to tear or wrinkle, which will give your candy wrapper bags a more professional look.
- **Be careful when cutting the cellophane bags.** If you cut the cellophane bags too small, the candy will not fit inside. If you cut the cellophane bags too large, the candy will move around inside the bag.

- **Fill the cellophane bags with candy before you close them.** This will help to keep the candy from moving around inside the bag.
- **Be creative!** Don't be afraid to experiment with different designs and ideas. The more creative you are, the more unique and personal your candy wrapper bags will be.

So, there you have it! With this guide, you can now create unique and personalized candy wrapper bags for any special occasion. So, get creative and have fun with it!
