The Revolutionary Drive the Drum Set Method

The Drive the Drum Set Method differentiates itself from traditional drumming instruction by focusing on the development of rhythm as the core element of drumming. Rhythm is the foundation upon which all drumming techniques are built, and this method places a strong emphasis on internalizing rhythm to enhance your musicality and timing.

The method also emphasizes the importance of coordination and independence between the hands and feet. Through a series of targeted exercises and drills, you'll develop the ability to control each limb independently, allowing you to create complex and dynamic rhythms and patterns.

Expert Guidance and Personalized Learning

The Drive the Drum Set Method is led by experienced drum instructor and master drummer, John Stevens. With over 20 years of teaching experience, John has developed a unique teaching approach that caters to the individual needs of each student. The method provides:

- Step-by-step video lessons that break down complex concepts into manageable chunks
- Interactive exercises and practice routines to reinforce learning
- Personalized feedback and guidance from John Stevens to track your progress and identify areas for improvement
