Materials:

- 0.5mm Micro Macrame Cord in two colors
- Scissors
- Earring hooks

Instructions:

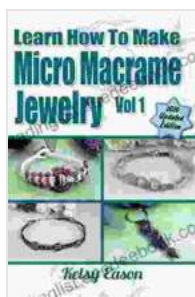

1. **Create the Earring Base:** Cut two cords approximately 12 inches long for each earring. Fold the cords in half and create a larks head knot at the fold, securing it to the earring hook.
2. **Macrame the Earrings:** Using the square knot, macrame the cords by alternating between the right and left cord, creating a decorative pattern. Continue macrameing until the desired length is reached.
3. **Add Beads or Charms:** If desired, thread beads or charms onto the cords and secure them with a square knot.
4. **Finish the Earrings:** Join the two cords together with a square knot or gathering knot, creating a loop for the earring hook. Trim the excess cords and secure any loose ends.
