

Sleepers and Street Warriors: High-Performance Vehicles by Sandoval Performance

Sandoval Performance is a leading automotive performance company that specializes in building sleepers and street warriors. Sleepers are vehicles that look unassuming from the outside, but pack a powerful punch under the hood. Street warriors are vehicles that are designed for maximum performance on the street. Both sleepers and street warriors are popular among car enthusiasts who want to enjoy the thrill of driving a high-performance vehicle without sacrificing practicality or stealthiness.

Sleepers

Sandoval Performance's sleepers are built using a variety of techniques to keep their performance capabilities hidden. Some of the most common techniques include:

- Using a stock or slightly modified body
- Installing a powerful engine under the hood
- Upgrading the suspension and brakes
- Adding performance tires

The result is a vehicle that looks like an ordinary car, but can easily outrun most other cars on the road. Sleepers are perfect for people who want to enjoy the thrill of driving a fast car without attracting attention.

Street Warriors

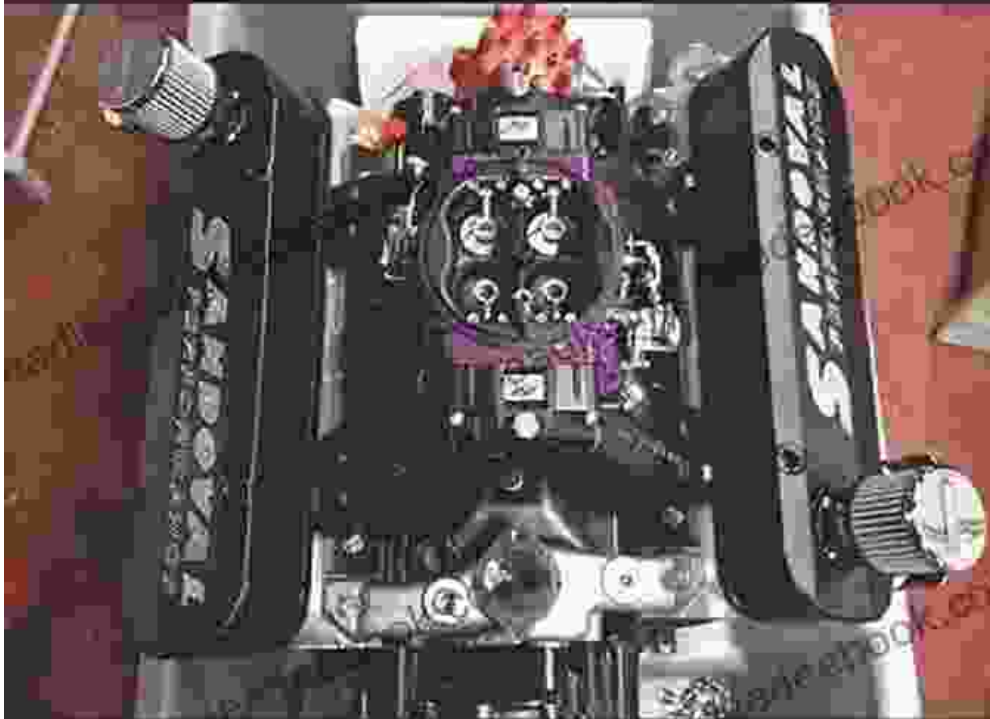

Sandoval Performance's street warriors are built for maximum performance on the street. They typically feature:

- A powerful engine
- Upgraded suspension and brakes
- Performance tires
- Lightweight body
- Aerodynamic enhancements

Street warriors are designed to handle the rigors of street racing, and they can easily outrun most other cars on the road. They are perfect for car enthusiasts who want to experience the ultimate in driving performance.
