We Can Negotiate Too (WCNTT) is a non-profit organization dedicated to empowering women and girls through negotiation skills. Founded in 2016, WCNTT provides training, workshops, and resources to help women and girls develop the skills they need to negotiate for themselves and others.

Our Mission

WCNTT's mission is to empower women and girls to achieve their full potential by providing them with the skills and confidence to negotiate effectively.

We believe that all women and girls should have the opportunity to reach their full potential. However, we know that women and girls often face

barriers to success, including a lack of access to education, resources, and opportunities.

Negotiation skills are essential for women and girls to overcome these barriers and achieve their goals. By learning how to negotiate, women and girls can unlock new opportunities, increase their earning potential, and improve their lives.

Our Programs

WCNTT offers a variety of programs and resources to help women and girls develop their negotiation skills. Our programs include:

- **Negotiation training workshops:** These workshops are designed to teach women and girls the basics of negotiation, including how to prepare for a negotiation, how to communicate effectively, and how to reach an agreement.
- **Negotiation coaching:** We provide one-on-one coaching to women and girls who want to develop their negotiation skills in a specific area, such as salary negotiation, job negotiation, or relationship negotiation.
- **Negotiation resources:** We offer a variety of resources to help women and girls learn more about negotiation, including blog posts, articles, and videos.

Our Impact

WCNTT has helped thousands of women and girls develop their negotiation skills. Our participants have reported increased confidence, improved communication skills, and greater success in their personal and professional lives.

Here are a few examples of the impact that WCNTT has had on our participants:

- A young woman who participated in our negotiation training workshop was able to negotiate a higher salary for her first job.
- A mother who participated in our negotiation coaching program was able to negotiate a better deal on her mortgage.
- A woman who participated in our negotiation resources program was able to negotiate a more flexible work schedule that allowed her to spend more time with her family.

Get Involved

There are many ways to get involved with WCNTT. You can:

- **Donate to our organization:** Your donation will help us continue to provide our programs and resources to women and girls.
- **Volunteer your time:** We are always looking for volunteers to help with our programs and events.
- **Spread the word about our organization:** Share our website, social media pages, and blog posts with your friends and family.
- **Attend our events:** We host a variety of events throughout the year, including negotiation training workshops, webinars, and networking events.

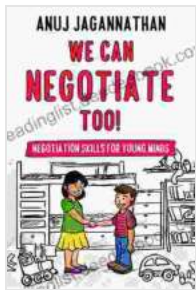

We Can Negotiate Too is a powerful organization that is making a real difference in the lives of women and girls. By providing women and girls with the skills they need to negotiate effectively, we are helping them to

unlock new opportunities, increase their earning potential, and improve their lives.

We invite you to join us in our mission to empower women and girls through negotiation skills. Together, we can create a world where all women and girls have the power to negotiate for themselves and others.
